

**MARCKA AUTO AUCTION
NON-DEALERS BIDDER REGISTRATION**

SALE DATE: _____
BID NUMBER: _____

Any individual (non-dealer) who plans to bid on a vehicle must first come to the office and submit a \$300.00 cash deposit and sign registration documents. Upon receiving this deposit, the individual will receive a bid number and a receipt provided by Marcka Auto Auction. The bid number must be worn so it will be visible to the auctioneer. In the event the individual bids off a car, the \$300.00 cash deposit will be deducted from the total sales price of the vehicle.

If the individual purchases a vehicle, during completion of the transaction the bid number will be turned in to the office. If the individual would like to bid on another unit, another \$300.00 cash deposit must be submitted for another bid number.

If the individual does not buy a vehicle, the individual will need to present their bid number and receipt to the office for their \$300.00 to be refunded back to them.

If any individual bids off a car and refuses to pay, the individual automatically forfeits the \$300.00 cash deposit. All vehicles are being sold "AS-IS, WHERE IS". All sales are FINAL!

I have read the above bidder registration information and agree to abide by Marcka Auto Auction's rules.
